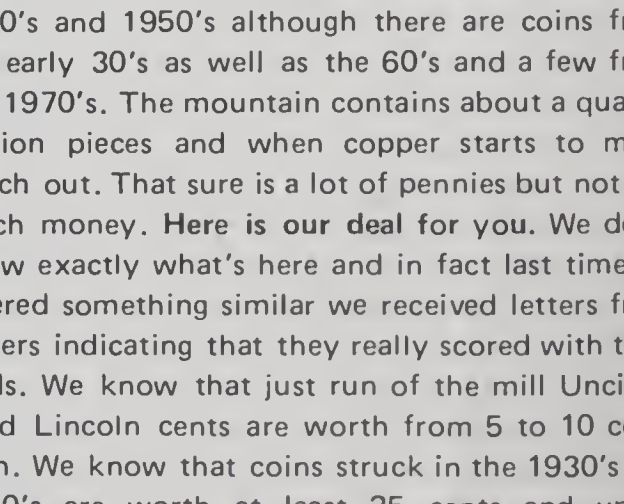
SUPERIOR'S NEW BUYER MAKES MONUMENTAL PURCHASE! (Also gets fired)



This monumental purchase consists of a literal mountain of Lincoln pennies. Virtually all of these are Uncirculated and go back to the 1930's and cover all dates and mints. We don't exactly know what the intention of the hoarder was but we found coins worth several dollars each and coins worth just a few cents each. We have so many pennies in this deal that we figure it would require the time of six full time experts and about three months to break down the hoard. Some of the coins have normal spotting but overall they are really choice. We can tell some of the collecting and hoarding characteristics about our collection. First most of the coins were obtained during the 1940's and 1950's although there are coins from the early 30's as well as the 60's and a few from the 1970's. The mountain contains about a quarter million pieces and when copper starts to move watch out. That sure is a lot of pennies but not too much money. **Here is our deal for you.** We don't know exactly what's here and in fact last time we offered something similar we received letters from buyers indicating that they really scored with their finds. We know that just run of the mill Uncirculated Lincoln cents are worth from 5 to 10 cents each. We know that coins struck in the 1930's and 1940's are worth at least 25 cents and up to $10.00 each. We have bagged these coins with quantities amounting to 500 coins, 1000 coins, 2500 coins and 5000 coins. **Here is our special "Money Talks" deal.**

Compliments of Superior and The Coin Dealer Newsletter

A WELL KEPT SECRET

Superior handles a tremendous volume of numismatic material. As a major wholesale and retail firm we are in the unique position to buy coins from more sources than any other dealer in the country. We would rather offer our coins to our clients and Money Talks readers at wholesale prices knowing that we can look forward to handling this material again in the future. It is simply a logical approach and good for all.

Over the years in reading through the pages of Money Talks we frequently cite examples of wholesale market prices from the *Coin Dealer Newsletter*. The *Coin Dealer Newsletter* also known as the "Greysheet" reports the national coin market on a weekly basis. The "Greysheet's" broad sources of information make it a very accurate reflection of the coin market and is widely accepted as "the source" for up-to-date market prices.

Many dealers believe that this reference should not be revealed to their clients. Superior has taken a different approach.

The "Greysheet" contains information on the most popular foreign bullion type coins and all United States coinage. And in addition, each month a special market summary is also issued on the popular United States series by date and mint. As professional numismatists, we know that it would be impossible for us to conduct business without these valuable references. Today when up-to-date information is required, we find that the "Greysheet" is the only reliable source. We are pleased to include a complimentary issue of the "Greysheet." Once you have read the "Greysheet" you will understand why coin dealers regard it as a most valuable source of reference available. Do not wait another minute, send your subscription directly to the "Greysheet" today. If you have any questions regarding the selling of coins to Superior or consigning to one of our auctions, please call Mark Goldberg who is available to answer all your questions. See why for over 50 years Superior is the name that people trust when it comes to selling or buying coins.

"Type" And "Dated" Material Reviewed In Light Of Recent Major Auction

The Market in Depth

ALLEN HARRIMAN

As was mentioned last week, a "bellwether" auction was just conducted (The Bernard Turkus Sale, June 1 & 2) by Superior Stamp & Coin Company. The reasons that this major auction is of particular significance are (1) that all areas from early half cents thru commemoratives were well represented, (2) the grading was generally on the conservative side and (3) the timing of the auction. Prices realized from a strictly graded (and, in this case, often undergraded) offering, of course, are meaningful. In addition, this sale came in a time when other areas of the market have "firmed up"---and, in some cases (silver commems, strictly MS-65 dollars) have begun to advance from what may justly be described as the "bottom" of a rather lengthy decline from the phenomenal highs of early 1980. This auction, then, resulted in a definitive statement on type coins and "dated" material. In a departure from our usual format this week's column will be devoted to a brief examination of the areas covered in this timely auction---and many highlights of "runaway" prices will be pinpointed. As the reader will see from this issue and next week's June MONTHLY SUMMARY, many downward adjustments have resulted---and, in contrast, many impressive prices were brought by truly top quality specimens. It also should be added that the sale was very well attended---with most of the country's major dealers vying with collectors and investors---an important fact when the realized prices are used to help establish bid/ask levels. Perhaps this will be the final general adjustment in an area which has been especially difficult to judge during recent months due, at least in part, to grading problems and the scarcity of strictly graded material on which to base price levels. The following is a brief look at each of the many areas covered in the "Turkus" sale.

EARLY COPPER: The 1793 and 1794 half cents brought $25,000 each---both were graded MS-60; the 1797 (1 over 1) in the same grade sold for $12,500; the scarce 1811 in AU-50 sold for $2400 and the 1829 and 1835 examples in MS-65 brought $2200 and $2500 respectively. HIGHLIGHTS: 1800 MS-60 - $3800; 1807 MS-60 - $5000; 1825 MS-60 - $1000; 1832 MS-65 - $2600.

The XF-45 Chain cent realized fetched $17,000 and the MS-60 Wreath cent (perhaps polished long ago) reached $17,500. The later large cents were not well represented, but 1855 and 1856 specimens in MS-63 condition were sold for $1200 and $1600 respectively.

SMALL CENTS: A proof-65 1856 Flying Eagle realized $5200 and both the 1857 and 1858 in MS-65 brought $1600---with the MS-65 1859 bringing $1500. The Indian cents did not fare as well as the earlier copper and downward adjustments will be substantial in the chart next week (this, however, doesn't apply to the 1860-64 copper-nickel issues). Perhaps the only HIGHLIGHT for the many top quality BU and proof Indians was the $1600 brought by the MS-65+ 1876 example.

The Lincolns, however, brought prices basically in line with current MONTHLY SUMMARY levels---some HIGHLIGHTS: 1915 MS-67 - $525; 1915-S MS-65 - $650; 1918-D MS-65 - $280; 1921-S MS-63 - $550. The 1922 Plain reached only $6500 even though it was described as MS-65 and a "candidate for the finest known".

TWO-CENT and THREE-CENT PIECES: The BU two-cent pieces brought prices in line with current levels (1864 MS-65 - $1400) and proofs were bringing prices just a bit lower (now pegged in a $2000-$2250 range). Top quality three-cent silvers, on the other-hand, were very strong---with more than enough HIGHLIGHTS to mention: 1852 MS-63 - $1900; 1855 MS-63 - $3200; 1858 MS-65 - $3600; 1861 MS-65 - $2900; 1865 and 1872 proof-67 - $3000 each. The three-cent nickels were a "mixed bag"---some bringing prices in line with present levels or even considerably higher while others fell a bit short. HIGHLIGHTS: 1865 proof-60 (scarce) - $2700; 1866 proof-65 - $1700. (It should be emphasized here again that there were many coins in this auction which were a bit undergraded---and, thus for instance, bidders may well have seen many MS-60's as MS-62 or so and MS-63's as MS-64's.)

NICKELS: Shield nickels were just a bit on the weak side and the appropriate adjustments have been made to both the weekly "type" listing and to the upcoming MONTHLY SUMMARY. There were, however, some HIGHLIGHTS in this group: 1867 (rays) MS-63 - $2000; 1868 proof-67 - $2500; 1877 proof-63 - $2700. The BU Liberty nickels attracted less attention in spite of the fact that there were numerous desirable pieces in the catalog. There were no real HIGHLIGHTS in this group.

Some outstanding prices were realized in the Buffalo series but, on the otherhand, many of the high-powered issues will now reflect lower bid/ask levles. HIGHLIGHTS: 1913-P (I) MS-65 - $500; 1917-D MS-67 - $1450; 1919-P MS-67 - $500; 1921-P MS-63 - $440; 1924-P MS-67 - $900; 1925-P MS-65 - $475; 1934-P MS-67 - $240; 1935-PDS MS-63 to 65 - $800!

HALF DIMES: The auction included a very nice run of half dimes and they fared well---mostly bringing prices very close to those presently recorded. Thus, only two minor price adjustments have been made in the charts. Some HIGHLIGHTS: 1835 "no drapery" MS-65 - $4200; 1853 "arrows" MS-65 - $4000; 1860 MS-65 - $3500; 1870 proof-67 - $3800; 1872-S MS-65 - $2300.

DIMES: Several bid/ask levels have edged lower in this category---for both the Seated Liberty and Barber issues. In addition, the "dated" Barber dimes sold for considerably less than expected---with only a few exceptions. However, again, exceptional coins brought exceptional prices---with an emphasis on proof specimens. HIGHLIGHTS: 1857 proof-65 - $6900; 1857 MS-65 - $4200; 1859 proof-63 - $3200; 1879 MS-65 - $2700; 1897 MS-65 - $1600; 1897-S MS-65 - $3100; 1898 proof-65 - $3000; 1900 proof-63 - $2750.

Many of the Mercury dimes sold for prices which were "right on"---with others on the lower side. Again, however, check the following HIGHLIGHTS: 1918 MS-65, FB - $1000; 1923-S MS-65, FB - $2600; 1926-S MS-65, nearly FB - $5000; 1928-D MS-65, FB - $2600.

QUARTERS: The Seated Liberty and Barber quarters fared about as well as the corresponding dimes---with the "dated" Barbers having the toughest time. Again, see page four for the few price adjustments. HIGHLIGHTS: 1857 MS-67 - $7000; 1864 MS-65 - $5000; 1872 proof-65 - $3750; 1874 "arrows" proof-63 - $5750; 1882 proof-65 - $3600; 1884 MS-67 - $5250; 1885 MS-67 - $6750; 1896 proof-65 - $3500; 1897 proof-65 - $3000; 1900 MS-65 - $2350; 1905 MS-65 - $2000; 1906 MS-67 - $2600; 1910 proof-67 - $4500! The Standing Liberty quarters were represented by a relatively nice group of coins---and they might have done better in general. Downward adjustments will necessarily appear in next week's MONTHLY SUMMARY.

HALVES: Again, the gems created excitment---and brought top prices---and, again, the "dated" material (especially the Barbers) fell short of many estimates. This, of course, isn't particularly surprising in view of the vast gains made in this area during the frantic market of early last year. HIGHLIGHTS: 1861 MS-65 - $5800; 1869-S MS-65 - $5000; 1882 MS-65 - $6000; 1894-S MS-65 (PL) - $10,250!!; 1901 proof-65 - $4400.

The Walking Liberty halves, for the most part, did rather well---but there were also some bargains. Downward adjustments will appear in next week's MONTHLY SUMMARY. Some HIGHLIGHTS: 1919-D MS-63 - $11,000; 1921 MS-63 - $5200; 1933-S MS-67 - $3600; 1942 proof-65 - $1050.

DOLLARS: Nearly all of the Trade dollars offered were of MS-63 quality (above this grade they are very scarce)---and the prices realized by common dates were "right on" in the $1500-$1750 range. (The rare MS-67 1877 sold for $7500.)

As with the rest of this sale, the grading was generally conservative. The Morgan and Peace dollars fetched prices mostly above current bid/ask levels---and the gem MS-67's "ran away". In order to show that MS-67's bring well over CDN MS-65 levels, here is a list of some "common date" HIGHLIGHTS: 1878-S - $280; 1879-S - $425; 1880-S - $340; 1881-S - $475; 1885 - $300; 1899-O - $450 (these were all MS-67 and none were prooflike).

COMMEMORATIVES: Virtually all of the MS-65 commems sold for well over "ask" in heated bidding. We're running out of space---so suffice it to say that the MS-65 Isabella quarter brought $2700!!

BU ROLLS

* Refer to "Early Singles" above

The following prices are for typical rolls of the dates involved. In the Lincoln series, spotted or otherwise inferior rolls are worth less than listed prices and "gem" rolls often bring more. In the Jefferson series, some of the later rolls tend to be dark—these bring lower prices; "gem, full steps" rolls (when available) bring higher prices. In the Mercury series, "gem, full bands" rolls are worth more than listed prices—particularly the pre-1941 issues. Most original Washington rolls tend to be MS-65—dull or "put together" rolls of the earlier issues bring lower prices. Gem full-strike Walking Liberty rolls (particularly the S-mint issues) are worth more than listed prices.

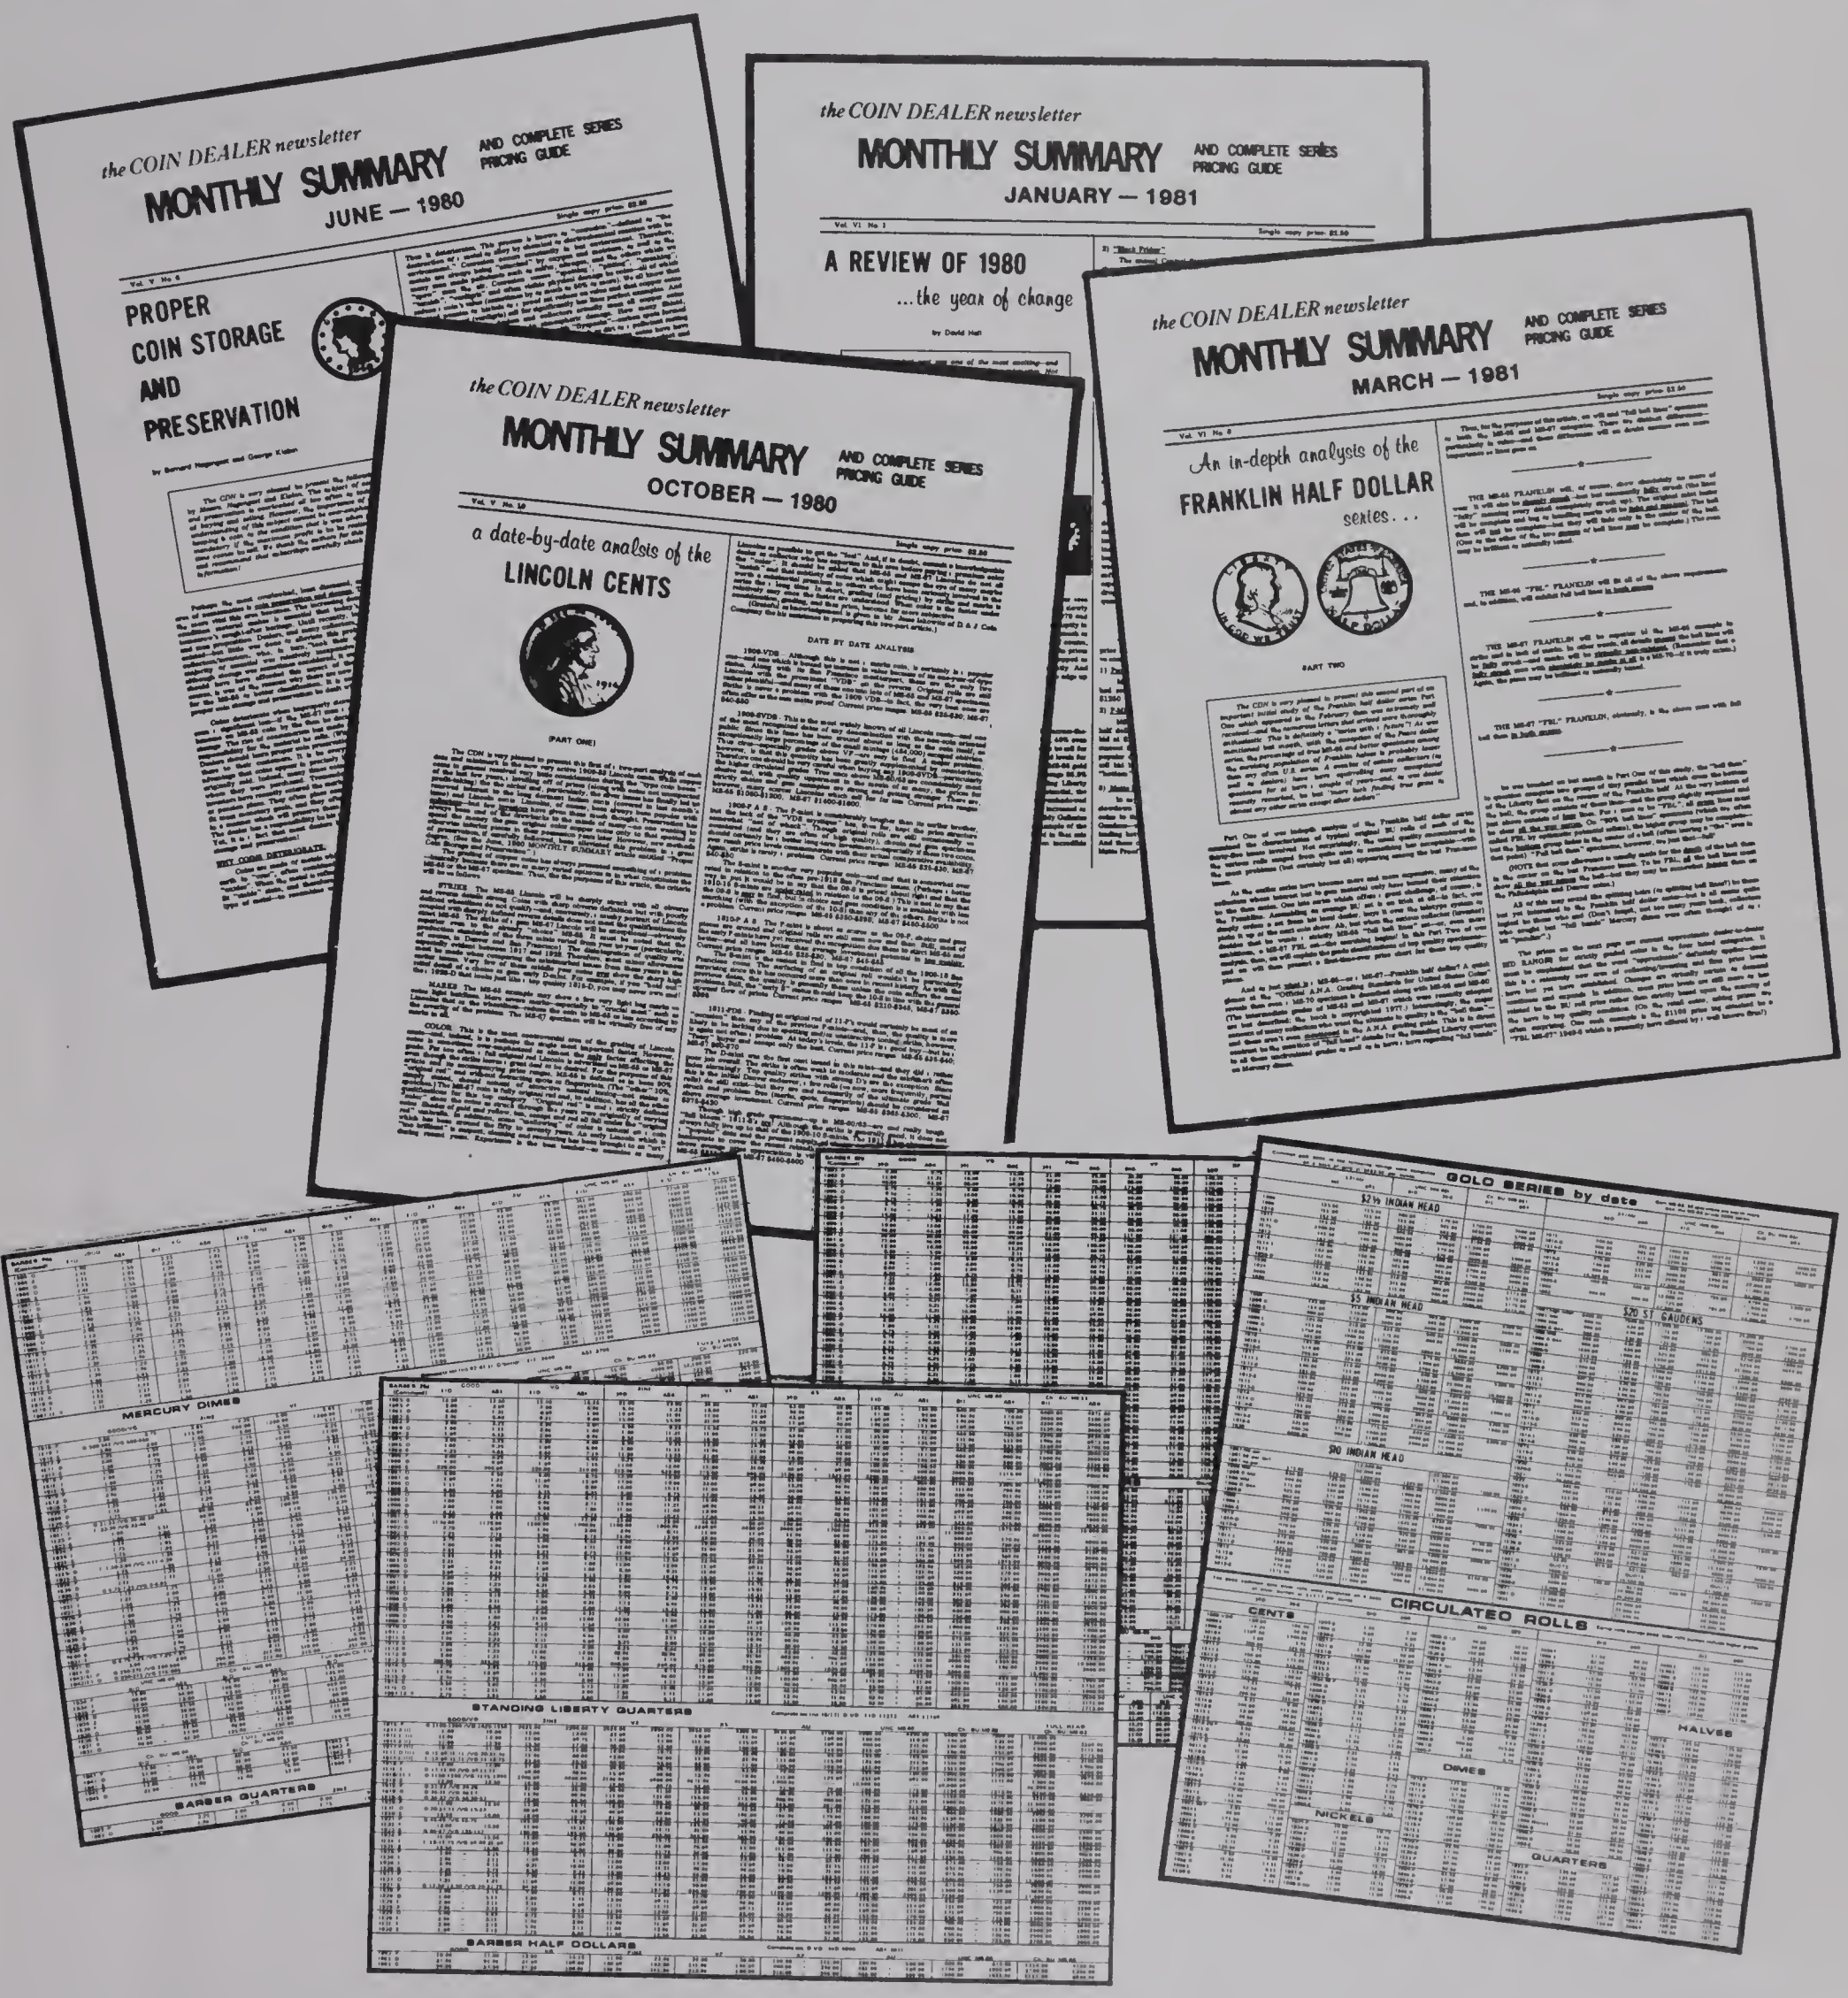
AND—in addition to the regular weekly issue of the *Coin Dealer Newsletter,* subscribers also receive the important "MONTHLY SUMMARY"----at NO EXTRA CHARGE!



SPECIAL INTRODUCTORY OPPORTUNITY FOR "SUPERIOR" CLIENTS!

By special arrangement with Mr. Larry Goldberg of Superior Coin and Stamp Co., we are pleased to introduce you to the many advantages of subscribing to the weekly COIN DEALER NEWSLETTER and to the second CDN publication---the "MONTHLY SUMMARY and Complete Series Pricing Guide".

The COIN DEALER NEWSLETTER, as you may know, has been the "Standard Pricing Guide of the Numismatic Industry" since 1963. It is consulted by virtually every dealer in the country as a pricing reference because of its PROVEN RELIABILITY, ACCURACY and TIMELINESS. After all, the coin market is far too active for anything less than on-target weekly coverage (so-called "retail" price guides or once or twice a month reports are simply too out-of-date or inaccurate to be of much value). The COIN DEALER NEWSLETTER, however, gives subscribers a complete and accurate weekly picture of the coin market---from "TYPE COINS" (in all grades thru PROOF) to SILVER DOLLARS (again, in all grades) and including U.S. and Foreign GOLD, COMMEMORATIVES, BU ROLLS, PROOF SETS and much more! No one who is seriously interested in numismatics can afford to be without his weekly CDN---or the equally important MONTHLY SUMMARY. (The CDN, by the way, is NOT a subsidiary of any coin company---nor do we buy or sell numismatic material.) Surely you have seen dealers referring to their latest CDN---IF YOUR LOCAL DEALER CAN'T BE WITHOUT HIS WEEKLY "GREYSHEET", HOW CAN YOU?

P.S. - If you are already a subscriber, why not pass this subscription opportunity along to a friend? OR, even better, why not give a gift of a year's knowledge to a fellow numismatist.

ALL ISSUES ARE SENT TO SUBSCRIBERS BY AIR MAIL/FIRST CLASS DELIVERY!

THESE ARE A FEW COMMENTS WE HAVE RECENTLY RECEIVED FROM SUBSCRIBERS:

"As a new subscriber I would like to take this opportunity to tell you how pleased I am with your publication. I have found yours to be the most widely used by a great margin. Your articles in reference to the market have been most informative and have helped my understanding of numismatics." M.M. - Missouri

"I don't write a letter of appreciation very often, but I do think the CDN is more than worth the money in just the short time that I have been on your mailing list." L.H.B. - Kansas

"Damn if I didn't do a silly thing! I let my subscription run out and now I have to start anew and I'm worried about getting the much needed info! I would just as soon be at a coin show without my pants as without my Greysheet! Please RUSH me the latest copy." B.F. - Washington

"Enclosed please find my subscription renewal check (which is early). I don't want to miss a single issue. Keep up the good work!! J.H.P. - Ohio

"May we have permission to quote some of your Market in Depth reports? We find them to be extremely astute in many areas of the market not previously covered in other publications." A.M. (publisher) - New York

"Please be advised that someone helped themselves to my September 10 Greysheet. Could you please rush me another copy? I have a coin show this weekend and consider it a most valuable aid in both buying and selling. Your new Monthly Summary, by the way, is of excellent quality!" C.G. - Indiana

"I just couldn't let your outstanding article on Mint Errors go by without congratulating you on such a fine job." B.F. - Georgia

"Just a short note to say a personal 'thank-you' for your fine article on Seated Liberty half-dimes. I have a lot of customers who just couldn't believe me when I told them five years ago that this was a series to collect. Again, thanks!" K.S. - Illinois

IT'S TIME FOR SOME DOWN TO EARTH WORDS ABOUT RARE COIN INVESTMENTS

Suddenly everyone seems to be selling rare coin as investments. And diamonds, art prints, etc. This is fine. But as the West's leading coin dealer for three generations (over half a century), we believe we can offer you much more than the Johnny come latelies.

Superior's staff of expert professional numismatists have earned the respect of collectors, investors and their peers throughout the industry in virtually every area of specialization . . . ancient coins, world issues, United States rare coins and currency, et al. **We have helped assemble some of the most important collections in America . . . and are ready to use these same resources in building your collection / investment portfolio, no matter what your budget is.**

Our philosophy is simple. Stay away from anything other than time-tested coins with a proven track record and a consistent history of being in demand. We will choose only those coins that collectors will eventually want when the time comes for you to sell. **And this leads us to suggest our new Brilliant Uncirculated Silver Dollar Acquisition Program.**

Why Silver Dollars

The large United States Silver Dollars, not minted since the 1930's, are the most popular coins with collectors, investors, and even the general public who used to enjoy giving them away as presents . . when they still could be purchased from banks for a paper dollar! Each Silver Dollar contains 416 grams of pure silver, giving it a high intrinsic value. The Morgan Silver Dollars, minted from 1878 to 1921, and the Peace Silver Dollars, produced from 1921 to 1935 are all beautiful coins . . . particularly the Brilliant Uncirculated specimens which we strongly recommend for purchase.

Lastly, and perhaps most important, silver dollar mintages have felt the ravages of time. Under the Pittman Act of 1918, over 270 million Morgan Silver Dollars were melted by the government! **Fewer than 1 in 100 of those originally made have survived in the Brilliant Uncirculated condition that most collectors prize.**

Silver Dollars have shown amazing price appreciation, tripling in the past five years, with increases generally of 50% to 300% just in the last twelve months.

While past performance cannot give assurance of future trends, we strongly feel that Silver Dollars as a whole will continue to pace the numismatic market. And we are not alone.

In recent years, considerable serious research has delved into the Silver Dollar field. Out of such studies has emerged expert estimates of how many of the Silver Dollars minted 50 to 100 years ago have survived in Brilliant Uncirculated quality. According to the findings of one researcher, Les Fox, perhaps as few as 2.5 million Morgan Dollars and less than a million Peace Dollars are extant in Choice Brilliant Uncirculated condition. By dividing the 2.5 million Morgan Dollars into the 98 different dates and mint-marks, one determines that the average number of choice pieces available per date is a miniscule 25,000! Similarly, for the short-lived Peace Dollar series, there is an estimated average of only 40,000 choice coins per date!

Is there any wonder then, that researcher Fox predicts across the board increases of over 200% in the next decade for choice Morgan Dollars, and over 400% for the Peace Dollars. Individual coins in both series carry projected price increases of as much as 1000% in just the next ten years!

Actually, based on recent market activity and world economic conditions we believe that these projections may prove to be on the conservative side.

THIS IS AN EXCLUSIVE OFFER!

Because we want to give our clients the individual time and service that they deserve, we are offering this Silver Dollar Acquisition Program only to our past customers and friends . . . readers of our popular publication "Money Talks," bidders at our record setting auctions, etc. No more than 100 applicants will be accepted so that we can maintain the Superior standard. The staff of Superior will do everything in their power to insure your complete satisfaction. Otherwise we wouldn't deserve your business.

Your Silver Dollar selections will be carefully balanced to create a diversified investment portfolio that will optimize your chances for appreciation of at least 20% per annum . . . or 40% or possibly more. And it doesn't matter whether you sign up for $100 per month or $1000 . . . you will still be treated as though you were a Rothschild. (By the way, it is worth noting that the Rothschild fortune was founded on trading in rare coins.)

All coins are subject to your approval, and you may cancel the program at any time.

Important Information Regarding Superior's Silver Dollar Acquisiton Program

How does the Superior Silver Dollar Acquisiton Program work?

It is really quite simple. First you decide how much you wish to invest each month . . . or perhaps you would prefer a single "lump sum" portfolio. Note that this amount can be changed whenever you wish, or the program can be cancelled. There are no contracts.

We will ship your first Silver Dollar selections immediately. If you wish you may charge your purchases on any major credit card, otherwise please send numismatic and banking references, and we will establish credit for you as quickly as possible.

Your personal numismatic consultant then takes over. You might receive a single rarity, or a few. Perhaps a full roll of 20 glittering Brilliant Uncirculated Silver Dollars. It will be something different each time . . . chosen just for your diversified Silver Dollar portfolio. Every coin will be a beautiful Brilliant Uncirculated specimen and will be shipped via registered first class mail.

Should you have any questions or comments about your Silver Dollars, you are invited to call or write to your Superior advisor. We promise a speedy reply. Of course, any coins that you do not wish to keep for any reason, may be returned within two weeks for an alternate selection or full refund.

Please keep in mind that Superior is not just another rare coin investment firm. Remember our service for over 50 years . . . our staff of international recognized experts . . . our reputation. We are proud to hold active memberships in the Professional Numismatists Guild, American Numismatic Society, International Association of Professional Numismatists, and numerous regional and specialized organizations.

We look forward to being of further service for all of your hobby and investment needs.

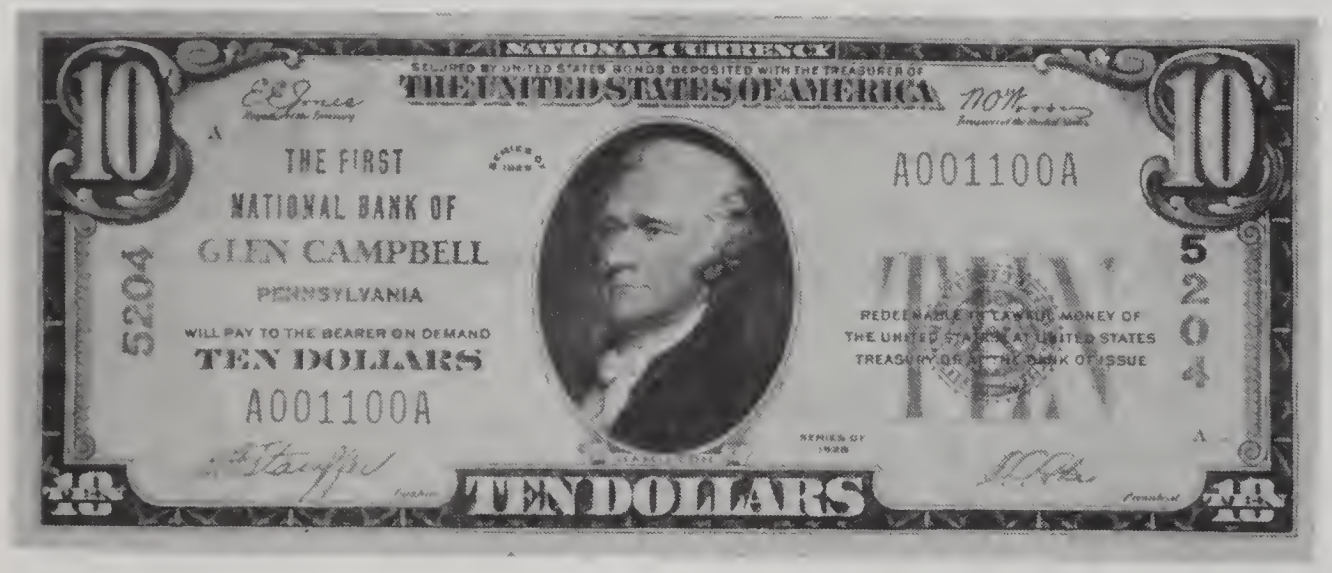
PAPER MONEY CONTINUES TO SOAR IN VALUE & DEMAND

The most active area in numismatics during the past six months has been currency. We have seen most numismatic areas slowing and declining recently while the currency market has become so explosive that there is virtually little or no supply offered in the marketplace.

IT'S NOT "BY THE TIME I GET TO PHOENIX" OR "GALVESTON"



Believe it or not it's Pennsylvania. Glen Campbell Pennsylvania is the bank on which these Crisp Original Uncirculated National Currency notes are drawn upon. Issued in 1929 and from full sheets these low serial numbers are super choice. We have looked high and low for others offering similar notes and find that our competition offers such notes in the $200 to $250 price range. We have 50 notes and these are priced to go out at a super special "Money Talks" price of just $142.50. Our investor's special calls for 5 notes in serial number sequence at just $650.00. For those of you interested we have checked out the National Bank of Glen Campbell and found that there is very little money actually issued by the bank plus even less outstanding from treasury records. Call now to reserve your note(s) today!
